Born from Allegrini's expertise in the hospitality sector, Samboost is a contemporary style product range for the in-room experience. Every detail is designed for a modern atmosphere that gives elegance without forgetting its function. A sensory experience completed by a refined fragrance made of fresh and citrus notes.

VALUES

Sensorial Notes

The result of research carried out by **Luca Maffei**, CEO & Perfumer of Atelier Fragranze Milano, Samboost has a **regenerating fragrance** with green and citrus tones. Bergamot, pink grapefruit and yuzu are enhanced by the heart notes of blackcurrant, elderflower and peppermint. In the base, notes of white woods and musk give the fragrance intensity and persistence.

Formulations

Enriched with **elderberry extract from organic cultivation**, recognised for its beneficial properties on the immune system. Dermatologically tested, with surfactants of vegetable origin. Free from parabens, alcohol and raw materials of animal origin. Cruelty-free.

Experience

Contemporary and simple design, designed for giving a refined touch to any hotel facility.

THE RANGE

The Samboost range is available in different bottles sizes, from the **20 ml and 30 ml bottles** to the **300 ml and 500 ml dispensers**. The range has also a **15 g wrapped soap**.
