COSMETIC SOLUTIONS

A person is seen from behind, sitting in a shallow, clear pool of water. The pool is surrounded by a dense, lush jungle with large, dark green leaves and a rocky, moss-covered cliffside in the background. The lighting is soft and natural, highlighting the textures of the rocks and the vibrant green of the foliage. The overall atmosphere is serene and peaceful.

a look towards  
sustainability

ICEA standards compared to traditional cosmetics imply:

- exclusion of substances that may harm health;
- total rejection of GMOs and animal testing;
- no use of ionising radiation for sanitization;
- use of certified agricultural products, wherever available;
- attention not only to product formulation, but also to packaging.
